

Landscaping by Ballantyne Gardens

We take great pride in the work we do landscaping our clients' homes and our community. We strive to make your experience with us a positive one. We are sure to listen to our clients and we make every effort to create a landscape/garden that suits you and brings you many years of joy. We have a full time garden center in addition to our landscaping crew. Should you have a question, just call our garden center to get the answer or to leave a message for a call back.

Things you should know:

1. We guarantee our plants for 1 full year at the full value. Should any plant die within that time frame we will replace it with a plant of equal retail value. There is a small labor fee for all plant replacements.
2. We reserve the right to refuse plant replacement due to death from improper watering, animal or people damage, acts of God, or damage not directly related to the health of the plant upon its installation.
3. Once we have finished at your property you are fully responsible for watering and maintaining the plants. We are happy to instruct you on proper watering techniques.
4. We agree to always be respectful of your property and your time. Our crew members are carefully screened and will conduct themselves with absolute professionalism.
5. Should you have any questions or concerns at any point in the design and installation process please feel free to voice them.
