

## New Spring Fling!

Join us as we launch a brand-new trip. After a great breakfast at Bingham's Family Restaurant, we head to Andalusia House and Gardens, an historic mansion and estate located on the Delaware river in Bucks County, PA. With gardens dating back over 200 years and an impressive daffodil show, the estate is a great way to kick off our tour. We will tour the house and some of the gardens.

Next, we head to Peddler's Village, the storybook village with charming colonial-style buildings, award winning gardens and distinctive shopping, dining and lodging. While there don't forget to visit "Peeps in The Village" one of the most popular spring events in the Philly region. Held in the Visitor and Event Center you will see marshmallow masterpieces (wall art, diorama, and sculpture) carefully crafted with bright bunnies and chicks inspired by inventive settings. It is Instagram worthy extravagance (building closes at 6:00 pm).

Finally, we head to Longwood Reimagined: a brand-new garden experience. Reimagined expands the public spaces at Longwood by adding new buildings and landscapes over 17 acres. The centerpiece is a new 32,000 square foot glass house featuring a Mediterranean garden with an olive tree grove. The cost of this project was over 250 million dollars.

Come join us as we explore brand new venues with you and kick-start spring
